

To whom it may concern,

As per the GAMMA and the NYS Athletic Commission, please note the following requirements for your patient to compete in a Combative Martial Arts Competition.

**GAMMA Medical form:** Please make sure to mark off whether or not the patient is cleared to compete. That box is directly above where your signature is required.

Bloodwork: The following tests are the **ONLY** tests that the GAMMA and the NYSAC will accept in order for your patient to compete.

**-HepB Surface Antigen**

**-HepC Antibody**

**-HIV (Rapid Oral Test is not accepted)**

No other tests for HepB, HepC or HIV will be accepted including Immunization Records. All tests must be tested by blood.

These are some of the tests that are generally submitted to us to replace the above named tests but **WILL NOT** suffice. The following tests will **NOT** be accepted: HepB Surface Antibody, HepB e Antigen, HepB Core Antibody, HepB e Core Antibody, HIV-Rapid oral test (Rapid blood is accepted)

Thank you for your cooperation and if you have any questions please feel free to contact me.

Sincerely,

James Guccione
